The school's afternoon enrichment programs are of good quality and my child enjoys attending.	0	0	24	3	13	42

**Comments:**

Miss Michele and Miss Pat could not be more perfect for this age - very loving and you know they treat your child like they would their own. Both of my children love having them as teachers!

We love everything about Little Angels, all of the teachers do a fantastic job with our little ones.

I feel that Little Angels provides a great amount of skill, knowledge, and education for the little ones who are moving onto kindergarten.

I do not like the letter people. I think the alphabet should be learned in order.

A carline for drop off and pickup!

We love Little Angels!

Absolutely love everything about Little Angels!

We love Little Angels and the staff there!

We have been happy with LA since day one! All of the teachers have been so friendly and caring! We've began participating in the Peppers program this year and have been happy with it. A kindergarten offering would be great for families like ours where a child missing the public school cut off or a child would do better with one more year before public school kindergarten.

We are so happy with Little Angels! Thank you for all that you do!

Teachers and staff are amazing! Great program - My child looks forward to seeing her teachers and friends on a regular basis. Continued focus on security. Mr. Paul is wonderful. Would like to see security while children are present after hours too. (Lunch Bunch and Peppers)

We absolutely love everything about Little Angels!

Ms. Michele and Ms. Pat are amazing teachers and my son looks forward to seeing them everyday!

We truly love Miss Peg and Miss Toni! We appreciate the love and support given to our children and the other children in the class! Communication with classroom events through an electronic method such as an app, such as Remind.

Miss Michele and Miss Pat have done a wonderful job. They love what they do and it shows!

Very thankful to have had my child here for the last three eyars. All great teachers and academically they have really grown.

Cannot say enough great things about Little Angels and does not even compare to the school Paul was at last winter. We look forward to another great year for my child next year and our second son to be going in a few years. Never seen more loving, warm and welcoming teachers. We love Miss Joanna and Miss Neetu!! We absolutely love Little Angels!

I cannot say enough great things about Little Angels Academy. Both Miss Joanna and Miss Neetu provide such care and compassion to my daughter as well as patience and I appreciate it so much. I have seen such a difference in my daughter's social skills and enjoy how much she loves her class and teachers. I would also like to say the communication Miss Joanna provides is fantastic. She is so responsive and always willing and available to provide progress updates. Thank you!

We are beyond thrilled to see the new safety measures being implemented. We love officer Paul and feel he's extremely vigilant. The faculty at Little Angels is why our children attend your school. They provide a learning environment where students learn a lot while feeling loved. Suggestion: Building the structure to seperate the school from the various activities and revolving door of people in and out of the front door.

Giovanni loves coming to school because of Miss Peg and Miss Toni!

Little Angels has provided my children with a warm, loving environment in which to learn and grow. The security upgrades have been a huge improvement. Thank you!

I love the school. The first time I saw the school I was impressed about how clean it was, even the smell was so nice. I love the teachers, they are perfect to be with little kids. They are loving and good. I would like to see a little bit more art like music or painting.
